Stock is surveyed on a continuing basis as properties become void or are having maintenance work carried out. The survey results are recorded on individual property ledger files which reflect Scottish Government criteria for pass / fail / exempt / in abeyance. Compliance with SHQS is ensured by instructing on an ongoing basis any works deemed necessary to meet the standards. A full external condition report of all properties was undertaken by a consultant architect during 2019 / 2020. The results of this report have fed and will feed into planned maintenance works to common areas following consultation with sharing owners. An assessment of roof structures, roof covering and rainwater goods is carried out on an annual basis by external contractors to ensure continued compliance.
